

June 12, 2018

To
Additional Secretary
Raj Bhawan Secretariat
Patna Bihar

Subject: Regarding implementation of Choice
Based Credit System (CBCS) in the
State University of Bihar

Sir,
This is to inform you that we have
deeply gone through the CBCS Syllabus in
geography, and made necessary correction
and modification wherever needed.

Yours

Deepti Adhikari

M. A. GEOGRAPHY (SEMESTER – I)

**Code -GEO – M 101 (Core Course- 01)
Geomorphology (5 Credits)**

Time: 3 Hours (ESE)

Full Marks: 100

ESE : 70 Marks

CIA : 30 Marks

The questions for End Semester Examination Comprises of three parts as mentioned below

Part – A

Ten objective type Questions - All questions to be answered (Questions shall be selected from the whole syllabus preferably two questions from each unit) 10 x 2 = 20 marks

Part-B

Five short Answer Questions – Four questions to be answered (Questions shall be selected from the whole syllabus preferably one question from each unit) 4 x5 = 20 marks

Part – C

Five long answer Questions -Three questions to be answered. (Questions shall be selected from the whole syllabus preferably one question from each unit) 3 x10 = 30 marks

Unit I Theories regarding evolution of Earth's Crust
Isostasy- Concept, Theories and its Application
Continental Drift Theory and Plate Tectonics
Theory of Sea Floor Spreading

Unit II Morphogenic Evolution Models of Davis, Penck and King
Models of Slope Formation
Channel Morphology
Rejuvenation and Multiple Cycle of Erosion

Unit III Classification and Evolution of: Arid Landforms
Glacial Landforms
Periglacial landforms
Karst landforms

Unit IV Geomorphic Evolution of:
Chotanagpur Highlands
Peninsular India
Shillong plateau
Kashmir Himalayas

Unit V Meaning and Scope of Applied Geomorphology
Application of Geomorphology in engineering projects and oil exploration
Morphometric Analysis of Drainage basin – Stream Order, Sinuosity Index and
Drainage Density

CIA 30 Marks

Part – A

Ten objective type Questions - All questions to be answered (Questions shall be selected from the whole syllabus preferably two questions from each unit) 10 x 2 = 20 marks

Part-B

Five short Answer Questions – Four questions to be answered (Questions shall be selected from the whole syllabus preferably one question from each unit) 4 x 5 = 20 marks

Part – C

Five long answer Questions - Three questions to be answered. (Questions shall be selected from the whole syllabus preferably one question from each unit) 3 x 10 = 30 marks

Unit I Climatology and its Relation with other Sciences
 Composition and Thermal Structure of Atmosphere
 Heat Budget and Heat Balance

Unit II Airmasses: Characteristics, Classification and Distribution
 Fronts, Types of Fronts and associated Weather Conditions
 Techniques of Weather Forecasting
 Cyclones and Anticyclones

Unit – I Place of Geography in Sciences and Social Sciences
Contribution by Greek and Roman Scholars with special reference to Eratosthenes, Herodotus, Aristotle, Plato, Strabo, Ptolemy
Contribution by Arab scholars
Development of Geographical ideas in Ancient India

Unit II Development of Geography during 19th century
Concept of Space- Absolute, Relative and Abstract, and Post Modern Space
Development of Modern Indian Geography: Prospects, Problems and Future

Unit III Positivism and Pragmatism in Human Geography
Paradigms in Geography
Quantitative Geography: Revolution, Merits and Demerits.
Models – Definition and Types

Unit IV Applied Geography
Behavioural Geography
Radical Geography
Humanistic Geography

Unit V Structuralism
Functionalism
Feminism
Post-Modernism

Five long answer Questions -Three questions to be answered. (Questions shall be selected from the whole syllabus preferably one question from each unit) 3 x10 = 30 marks

Unit I

Regional Planning: Concept, Merits and Limitation
Planning Process – Sectoral, Temporal and Spatial Dimensions
Concept of Planning Region and Methods for Delineation of Regions

Unit II

Special Purpose Planning Regions in India:
River Valley Regions
Metropolitan Region
Problem Regions – Hilly Regions, Tribal Regions

Unit III

Indicators of Development
Regional disparities in India
Need for Regional Planning in India
Regional Development in India – Problems and Prospects.

Unit IV

Concept of Multi Level Planning
Role of Panchayati Raj Institutions in Rural Development
Defining Development and Rural Development; Gandhian approach to rural development

Unit V

Area Based Approach to Rural Development: Drought Prone Area Programme, PMGSY
Target Group Approach: SJSY, MGNREGA, Jan Dhan Yojana and PURA
Provision of Services- Physical and Socio-Economic Access to Elementary Education and Primary Health Care and Micro Credit

Unit I

Meaning and Scope of Economic Geography.

Conservation and Management of Resources with special reference to:

(a) Water Resources

(b) Biotic Resources

Conventional Energy Resources: Coal, Petroleum, their Distribution, Production and Conservation

Non-Conventional Energy Resources and their Management.

Unit II

Weber's Model and Smith's Model of Industrial location

Iron and Steel Industry of the World with special reference to China and India

Petro-Chemical Complexes with Reference to India

Unit III

Distribution and production of some minerals in the World: Iron Ore, Copper ore and Atomic minerals

Industrial regions of USA and Japan

Inter-regional and intra-regional trade

Unit IV Agricultural Regions of the World
Von Thunen's Model of Agricultural Location
Food Production, Problems and Food Security

M. A. GEOGRAPHY (SEMESTER – III)
Code - GEO – M 301 (Core Course-10)
Quantitative Techniques and Research Methodology (5 Credits)

Time: 3 Hours (ESE)

Full Marks: 100

ESE : 70 Marks

CIA : 30 Marks

The questions for End Semester Examination Comprises of three parts as mentioned below

Part – A

Ten objective type Questions - All questions to be answered (Questions shall be selected from the whole syllabus preferably two questions from each unit) 10 x 2 = 20 marks

Part-B

Five short Answer Questions – Four questions to be answered (Questions shall be selected from the whole syllabus preferably one question from each unit) 4 x5 = 20 marks

Part – C

Five long answer Questions -Three questions to be answered. (Questions shall be selected from the whole syllabus preferably one question from each unit) 3 x10 = 30 marks

Unit I

Quantitative Methods in Geography: Merits and limitations, Research types and Methodology, Research Problems and Research Design, Review of Literature

Unit II

Data collection and classification, Questionnaire and Schedules, Sampling Types – Random, Stratified and Purposive.

Unit III

Hypothesis: Concept and Types, Procedure for Hypothesis Testing, Chi-Square Test, Student's 't' Test

Unit IV

Correlation Coefficient Techniques-Pearson and Spearman, Simple Linear Regression Analysis, Analysis of Variance (ANOVA), Multivariate Analysis-Importance and its Application

Unit V Models and Analogue, Types of Model, Gravity Potential Model, Population Potential Model

CIA 30 Marks

Note: Use of MS-EXCEL shall be promoted during the classroom teaching

Five long answer Questions -Three questions to be answered. (Questions shall be selected from the whole syllabus preferably one question from each unit) 3 x10 = 30 marks

Unit I

Meaning, Definition and Scope of Human Geography
Approaches to Human Geography, Critical Human Geography
Growth, Distribution and Density of World's Population
Migration: Causes and Consequences

Unit II

Human Settlement: Types and Patterns of Rural Settlements.
Processes and Pattern of Urbanization in the World. (Urbanization and Related problems)
Age and Sex Composition of the World Population
Occupational Structure of the World Population

Unit III

Meaning and Scope of Social Geography
Cultural Evolution of Man
Major Human Races in the World- Negroid, Mongoloid, Caucasoid
Major World Religions: Their Origin, Diffusion and Spatial Distribution.
Major World Languages: Their Origin, Diffusion and Spatial Distribution.

Unit IV

Concept of Social Justice and Social Well-being.
Social Structure, Process and Social Pattern.
Components of Quality of Life and its Spatial Pattern
Globalization and Social Transformation.

Unit V

Recent Changes in Urban and Rural Social Life in India.
Panchayati Raj Institution and Social Transformation in India.
Social Ecology and Social Media in India

- Unit – I** Definition and Scope of urban geography, Development of urban geography in India
Urban ecology and Urban System
Basis of urban functions and functional classification of towns
- Unit II** Rank-Size Rule and Primate City
Urban hierarchy
Million Cities and Mega Cities
Concept of Megalopolis and Metropolitan regions
- Unit III** Concept of urban morphology
Theories of urban landuse – Burgess, Hoyt, Harris and Ullman
Concept and characteristic of CBD
Conurbation, Urban Agglomeration in context of India
- Unit IV** Trend of Urbanization in India and the World
Concept of City region
Concept of Umland
Rural urban fringe
- Unit V** Urban problems with reference to slums
Urban poverty
Urban planning policies in India
Smart city concept

Advance Cartography (5 Credits)

Time: 3 Hours (ESE)

Full Marks: 100

ESE : 70 Marks

CIA : 30 Marks

The questions for End Semester Examination Comprises of three parts as mentioned below

Part – A

Ten objective type Questions - All questions to be answered (Questions shall be selected from the whole syllabus preferably two questions from each unit) 10 x 2 = 20 marks

Part-B

Five short Answer Questions – Four questions to be answered (Questions shall be selected from the whole syllabus preferably one question from each unit) 4 x5 = 20 marks

Part – C

Five long answer Questions -Three questions to be answered. (Questions shall be selected from the whole syllabus preferably one question from each unit) 3 x10 = 30 marks

Unit –I

Brief history of cartography and its present status;
 Fundamentals of computer based cartography and its application;
 Thematic maps –types and their use.

Unit-II

Mathematical construction and characteristics of the following map projections –
 Conical Equal- Area with one standard parallel (Lambert’s V); Gnomonic projection
 (Equatorial Case); Stereographic projection (Equatorial Case); Cassini’s Projection

Unit III

Principles of triangulation Survey; Measurement of base-line in triangulation survey.
 Definition and characteristics of the following astronomical terms – Azimuth, Right
 Ascension, Hour Angle, Star at elongation, Altitude, Declination.

Unit IV

Brief history and basic principle of Photogrammetry;
 Types and scales of aerial photographs.
 Interpretation of aerial photographs.

Unit V

Brief history of satellite remote sensing;
 Concept of remote sensing;
 Development of remote sensing in India;
 Elements of the interpretation of satellite imageries.

Selected Readings:

1. F. J. Monkhouse – Maps & Diagrams & H. R. Wilkinson
2. Sinha, M. M. P. & Bala, Seema – Advanced Cartography, Sharda Publication, Allahabad
3. Kanetkar – Surveying and leveling Vol- II
4. Punmia, B. C. – Surveying Part II & III
5. Sarkar, A. - Practical Geography: A Systematic Approach, Orient Blackswan Private Ltd.
6. Singh, R.L. and Singh, R.P.B. - Elements of Practical Geography, Kalyani Publishers, New Delhi
7. Maltiar, K.K. and Maltiar, S.R. – Concept of Cartography, Remote Sensing and G.I.S. – Rajesh Publication, New Delhi
8. Devis, R.E., Foote, F.S. and Kelly, J.W. – Surveying : Theory and Practice
9. Misra, R. P., Singh, R. B., Misra, Brijesh and Pandey, Anupam – Fundamentals of Cartography, Concept Publishing Company Pvt. Ltd., New Delhi
10. Narayan, L.R.A. - Remote Sensing and its Application, Universities Press, Hyderabad
11. Venkatramaiah, C. -Textbook of Surveying, Universities Press, Hyderabad
12. Joseph, George – Fundamentals of Remote Sensing, Universities Press, Hyderabad
13. Fazal, S. – Remote Sensing Basics, Kalyani Publishers, Ludhiana
14. Lillesand, T.M., Kiefer, R.W. and Chipman, J.W. – Remote Sensing and Image Interpretation, Wiley India Pvt. Ltd., New Delhi

GEO –M- 402, Elective Course – 02 Dissertation /Project Work (5 Credits)

Full marks-100
ESE- 70
CIA- 30

Students have to prepare a Dissertation / Project work based on Socio-Economic survey.

The topic will be approved by departmental council.

ESE will consist of total of 70 marks, out of which, 45 marks will be on a written test and 25 marks for Viva Voce on dissertation. CIA will comprise of written test, Presentation and brief summary of report.

Students have to submit one copy of dissertation/ Project work report prior to the commencement of the semester examination

Unit I Procurement of a topographic map of 1:50,000 to 1:25,000 scale to study the settlements selected in its regional setting

Unit II Collection of demographic, social & economic data of the village/town from Census Reports to study the temporal changes in the profile of such characteristics.

Unit III Selection of sampling site, defining sampling size, and conducting socio-economic survey at households level with a self- structured questionnaire and supplementing the information by personal observations and perceptions.

Unit IV Based on results of the land-use and socio-economic survey of the households, preparation of a critical field-survey report. Photographs and sketches, in addition to maps and diagrams, may supplement the report.

Unit I Regional Planning: Concept, Merits and Limitation
Planning Process – Sectoral, Temporal and Spatial Dimensions
Concept of Planning Region and Methods for Delineation of Regions

Unit II Special Purpose Planning Regions in India:
River Valley Regions
Metropolitan Region
Problem Regions – Hilly Regions, Tribal Regions

- Unit III** Indicators of Development
Regional disparities in India
Need for Regional Planning in India
Regional Development in India – Problems and Prospects.
- Unit IV** Concept of Multi Level Planning
Role of Panchayati Raj Institutions in Rural Development
Defining Development and Rural Development; Gandhian approach to rural development
- Unit V** Area Based Approach to Rural Development: Drought Prone Area Programme, PMGSY
Target Group Approach: SJSY, MGNREGA, Jan Dhan Yojana and PURA
Provision of Services- Physical and Socio-Economic Access to Elementary Education and Primary Health Care and Micro Credit
